

User Guide to View Medical Images (CD/DVD)

The CD/DVD issued by NUH DDI contains DICOM-quality images of radiology studies, as well as an integrated viewer software. Please follow these steps to view the study:

Step 1: Insert the CD/DVD

Place the CD into the computer's CD/DVD drive. The images should load automatically.

- If the images do not load automatically, proceed to Step 2.

Step 2: Open the CD Manually (For Windows Users)

1. Open "Computer" or "This PC" on your desktop or Start menu.
2. Locate and double-click on the "CD/DVD Drive."
3. Double-click on the "Start" icon.
4. Open the desired study to view the images.

To access the images, simply enter the password in the following format:

Last 4 characters of your NRIC / FIN / Patient ID*	Your Date of Birth (ddmmmyyyy)
Example	
234A	01dec 1985
<small>*applicable for non-residents only</small>	

*Note: For non-residents, the Patient ID will be used instead of NRIC/FIN
